Gustavo Souza Gonçalves de Sá

Software Developer | Java 21 | Spring Framework

About Me

Hello! My name is Gustavo Sá, and I am a software developer passionate about technology and innovation. Currently, I am in a career transition, focusing on enhancing my skills in Java and related technologies.

I have previous experience in PHP, including development with Laravel and WordPress. Recently, I obtained certifications in OCP Java SE 21 Developer and AWS Certified Developer Associate. I am continuously learning and updating my skills to provide high-quality and efficient solutions.

I am open to new opportunities and challenges and eager to connect with other professionals and companies who share my passion for technology.

Primary Skills

- **Java 21**: Extensive experience with the Spring Framework, including Spring MVC, Spring Boot, Spring Security, Spring Batch, and Spring Data. Capable of building scalable and secure enterprise applications.

- **Databases**: Experience with PostgreSQL and MySQL, skills in data modeling, query optimization, and transaction management.

- **Messaging**: Experience with messaging systems such as RabbitMQ and Kafka for asynchronous communication and component decoupling.

- **AWS**: Proficient in using services like EC2, S3, RDS, and Lambda for cloud application development and management. Experience with Docker and Linux for containerization and deployment.

- **Front-End**: Development of interfaces using Angular and TypeScript, unit and integration testing with JUnit.

- **Microservices**: Implementation of microservices architectures to promote scalability and efficient maintenance.

- **Git and CI/CD**: Experience with version control management using Git, configuring Git workflows, and CI/CD pipelines with Jenkins and GitHub Actions.

Secondary Skills

- **PHP**: Development with Laravel and WordPress. Creation of custom themes and plugins.

- **Python**: Using Django for secure and scalable web application development.

- **Solidity**: Development of smart contracts on the blockchain.

- **Front-End**: Knowledge in HTML5, CSS, jQuery, and JavaScript for creating interactive interfaces.

- **Image Editing and 3D Modeling**: Basic skills in Photoshop, Gimp, 3dMax, and Blender.

Certifications

- **Oracle Certified Professional Java SE 21 (1Z0-830)**: Advanced certification validating proficiency in Java SE 21 application development.

- **AWS Certified Developer Associate (DVA-C02)**: Validates skills in developing and maintaining applications on the AWS platform.

- **GitHub Foundations**: Certification validating knowledge and skills in using GitHub for version control and collaboration.

Professional Experience

- **Polícia Militar do Distrito Federal - PMDF**

  - March 2014 - Present
- **Moringa**

  - *Senior Frontend Developer*
  - August 2010 - June 2012
  - Responsible for transforming designs into interactive HTML code and developing custom WordPress themes.
- **Fábrica de Ideias**

  - *Backend Developer PHP*
  - February 2009 - October 2009
  - Development and maintenance of PHP systems for news collection and MySQL database management.
- **BrScan**

  - *Backend Developer PHP*
  - October 2008 - March 2009
  - Contributed to identity verification and anti-fraud systems.
- **Arte Contexto**

  - *Full Stack Developer*
  - December 2007 - July 2008
  - Developed themes and plugins for WordPress and Joomla, converted PSD designs to HTML.
- **Politec**

  - *Support Technician*
  - January 2005 - June 2007
  - Provided technical support and network management for the Ministry of Foreign Affairs (MRE).

Academic Background

- **Centro Universitário Internacional UNINTER**
  - *Bachelor's Degree in Software Engineering*
  - January 2024 - January 2028
- **Centro Universitário Internacional UNINTER**
  - *Higher Education Technology (CST), Commercial Management*
  - January 2009 - May 2011
